Recharges from project funds can be made only by the faculty member (Principal Investigator). Each SRIC Ledger ID is credited only once. The Booking Portal checks for new SRIC recharges every 5 minutes; checks pause during peak booking time every Wednesday, 8:55–9:15 PM IST, and a recharge made then is credited right after.

3. Select the department under **Credit to**, enter the **Amount (₹)** (minimum ₹100) and tick **I agree to the above undertaking**.

A student who is not yet linked to a supervisor's wallet can send a link request from the same Wallet page.

## Verification and timelines

- **SRIC Portal recharge:** normally credited within minutes. An entry that cannot be matched automatically (for example, by Employee ID or Receiver Type) is checked by the IIC office and shows as *Being checked* until it is credited.
- **Direct Cash Deposit / Bank Transfer:** credited as soon as the SRIC Bill Section approves the request; receipt of funds is then confirmed against the SRIC cash-book (entries dated on or after 30 September 2026).
- **Every credit** is confirmed by email and listed in your wallet transactions with its reference.

**Important.** Choose the Receiver Type carefully: the wallet keeps a separate balance for each department, and a booking is paid from the balance of the equipment's department. Use Direct Cash Deposit / Bank Transfer only when project funds cannot be used. The SRIC Bill Section accepts a deposit only against a valid Transaction ID. Recharge by uploading a payment receipt is no longer accepted.
